

PLANT ALL-RISK INSURANCE

Plant All Risks Insurance Policy cover for plant and machinery against unforeseen physical loss or damage that may arise from the occurrence of perils that are not specifically excluded from the cover. This policy simply covers loss or damage to the plant/equipment from any cause outside the machine, e.g. fire, impact and theft.

Benefits

- Loss or damage due to nuclear reactions, nuclear radiations or radioactive contamination
- Loss or damage for which the supplier or manufacturer, contractor or repairer is legally responsible by contractor or otherwise
- Loss or damage due to testing, involving the imposition of abnormal mediations, intentional overloading or experiment
- Loss or damage whilst working underground
- Existing faults or defect

Note: The premium payable is a function of the Sum insured of the plant/equipment at risk.
